

CREATIVE PLANET

School of the Arts

Here's what people are saying about CPSOA:

If the education, care and artistic nurturing of our planet Earth were put in the hands of the staff of Creative Planet, we would all understand each other perfectly. Children would be educated and inspired for generations. I have seen these kids shine, I have seen the tears of joy and pride in their parents' eyes.

Joanna Gleason, New York City 2005

Rarely have I seen students at any level accomplish so much in such a short period of time. The strong support of the families of the children is inspirational. One feels from watching Creative Planet that our artistic future is in very strong hands.

Dr. Bruce Mayhall, Artistic Director, Gay Men's Chorus of Angeles

I found Creative Planet and within two weeks my 7 year old was reading by herself for the first time ever. To my surprise, within six months, both of my children were blooming in the arts. Who knew I had a singer and a dancer? These people have a gift of tapping into any child's gifted place.

Debbie Reynosa, Parent

Creative Planet School of the Arts is a fantastic opportunity for children to incorporate the arts into their daily lives. These gifted students are incredibly talented, disciplined and the brightest light of our future. They bring joy and positive messages and role modeling to the community through their incredible performances.

Iris Levine, Artistic Director, Vox Femina Los Angeles

Creative Planet's discipline and character are the basis for its success. The school is to be commended for its innovative approach to achieving high quality education.

Arlette Cardenes, Founder/Conductor, Culver City Chamber Orchestra

And Audiences rave:

"These kids are unbelievable. Not only did they show remarkable talent – but their pride as they performed showed on their faces."

"...what a great experience it is to see CPSOA's productions! The kids have no idea how fortunate they are to have such a safe place for them to be themselves and grow their talents..."

"How truly blessed you are to have such a wonderfully caring teaching staff."

"The kid's dedication, devotion, love, TALENT, was so crystal clear - I was so glad to be there to experience it all."

"You have given these kids a gift, something that is going to mold them into better adults, people... humans."
