

**FUND-RAISER BENEFITS AFRICAN AIDS CLINIC** On April 23, Huntington's Phil Simon Clinic held its second annual event at the Castle Green Hotel in Pasadena in support of the Upone Charitable Medical Centre, an outpatient AIDS clinic in Tanzania, Africa. Dr. Kimberly Shriner and a team of Huntington medical professionals travel to the clinic annually to provide basic health care/medication, HIV and anti-retroviral education and much needed

manpower. This year's fundraiser was themed "Children Helping Children" and raised a total of \$50,000. In these photos, children from Creative Planet School of the Arts perform African dance steps. For more information, call (626) 397-5464, or visit [www.huntingtonhospital.com](http://www.huntingtonhospital.com).
